Profile

Dynamic and results-oriented Full Stack Developer with 1.5 years of proven experience in building high-performance, scalable web applications. Skilled in cutting-edge technologies including React, Node.js, and MongoDB, with a strong command over both front-end and back-end development. Experienced in deploying full-stack solutions on VPS and managing real-time, interactive platforms. Passionate about clean code, continuous learning, and contributing to innovative, growth-driven tech environments. Eager to bring technical expertise and creative problem-solving to a forward-thinking organization.

Professional Experience

Software Developer, *KumarSoft* ⧉ | 11/2023 – present
New Delhi, India

- Built scalable full-stack applications using **React.js**, **Node.js**, **Express**, **MySQL**, and **MongoDB**
- Deployed client projects on **VPS servers** and maintained live environments
- Delivered feature-rich websites in the **education, healthcare, travel, networking and many more** sectors
- Worked directly with clients to customize solutions, optimize performance, and handle user feedback
- Implemented authentication, dashboard analytics, and dynamic forms

Full Stack Intern, *codeHelp* ⧉ | 01/2022 – 12/2022

- Developed responsive and visually appealing user interfaces using **HTML5**, **CSS3**, **Tailwind CSS**, and **JavaScript**, ensuring cross-browser compatibility and performance.
- Engineered scalable back-end systems with **Node.js** and **GraphQL**, enabling efficient API communication and data handling.
- Focused on writing **clean, modular, and reusable code** to support long-term maintainability and scalability.
- Integrated **Mysql and MongoDB** for efficient data storage and retrieval in dynamic applications.
- Collaborated in a fast-paced Agile team environment with **daily stand-ups**, **version control (Git/GitHub)**, and **code reviews**.
- Contributed to full-stack web applications from design to deployment, enhancing real-world experience in modern development practices.

Education

Bachelor Of Technology, *United Institute Of Technology* ⧉ | 2020 – 2024
Prayagraj, India

- Computer Science and Engineering

Class 12, *D.L.W Inter College* | 2019
Varanasi, India

Class 10, *D.L.W Inter Collage* | 2017
Varanasi, India

Skills

- C++
- Tailwind CSS
- React
- Redux
- Express.js
- MongoDb
- HTML
- CSS
- Node.js
- VPS Hosting
- Mysql

🚀 Live Projects

Vidyarjan Science Academy, *Institute Management Web Portal* ⧉
- **Tech Stack:** React (Vite), Tailwind CSS, Node.js, Express.js, MySQL, REST API
- Developed a dynamic and responsive **institute management system** supporting major courses like **IIT-JEE, NEET, MHT-CET, Foundation, Class 11/12 PCM & PCB**.
- Designed and implemented a robust **Admin Panel** for real-time **student inquiry tracking**, **result publishing**, and **course content management**.
- Built scalable **RESTful APIs** using **Node.js and Express**, and structured backend data using **MySQL relational database**.
- Utilized **React with Vite** for lightning-fast frontend performance and **Tailwind CSS** for clean, modern UI components.
- Delivered a full-stack solution tailored for educational institutes aiming to digitize operations and enhance user engagement.

Vidyarjan Tutorial, *Online Education Platform with CMS* ⧉
- **Tech Stack:** React (Vite), Tailwind CSS, Node.js, Express.js, MySQL, REST API
- Engineered a full-featured **e-learning platform** with an intuitive **Content Management System (CMS)** for non-technical admins to manage content effortlessly.
- Implemented support for a wide range of courses including **FOUNDATION**, **STATE BOARD**, **CBSE**, **ICSE**, and class-wise modules for **Class 8, 9, and 10**.
- Built secure and scalable **RESTful APIs** with **Node.js and Express**, using **MySQL** to structure and manage educational content and user data.

Cavalier India Pune, *Defense Exam Preparation Portal with Admin Dashboard* ⧉
- **Tech Stack:** React (Vite), Tailwind CSS, Node.js, Express.js, MySQL, REST API
- Developed a full-featured **defense exam preparation platform** offering structured content for aspirants of **NDA, SSB, CDS, AFCAT**, and specialized programs like **SPI & GSPI**.
- Built a robust **Admin Dashboard** for managing course content, uploading study materials, handling inquiries, and maintaining user data securely.
- Integrated backend services using **Node.js and Express**, with **MySQL** handling secure data transactions and content management.

JSP Holidays, *Travel Agency Website with Custom Package Builder* ⧉
- Designed and developed a modern, responsive **tourism and travel platform** for JSP Holidays to manage **custom travel packages** and user interactions seamlessly.
- Built dynamic forms allowing users to **create personalized holiday packages** and submit inquiries directly from the site.
- Implemented **email templating and automation** using **EmailJS**, enabling instant confirmation and structured communication with clients.
- Developed a fully responsive **gallery section** to showcase destinations and packages, improving user engagement and brand trust.
- Used **Redux** for efficient **state management**, ensuring smooth data flow across booking forms and user interactions.

GPSM, *Networking & Telecom* ⎘
- Developed the **frontend** of a **business portal** for **SIM and network service providers**, enabling efficient management of **customer data** and **services**.
- Designed and implemented an interactive **CRM dashboard** using **React.js**, providing real-time access to customer information and service data.
- Created dynamic **components** for managing customer inquiries, service requests, and tracking backend analytics.
- Ensured smooth user experience and seamless navigation with **React's state management** and efficient rendering techniques.
- Focused on **performance optimization** to ensure quick load times and responsive interactions across various devices

---

CERTIFICATION

WEB DEVELOPMENT TRAINEE, *Internshala* ⎘
- During my training as a web developer, I gained experience in using various technologies such as HTML, CSS, JavaScript, Bootstrap, and SQL. I learned how to design and develop responsive websites, create interactive user interfaces using JavaScript, and manage data using SQL.
- • This training equipped me with the necessary skills to develop web applications and create engaging user experiences
